

Help Increase the Peace Program

"Imagine all the people living life in peace. You may say I'm a dreamer, but I'm not the only one. I hope someday you'll join us, and the world will be as one."

John Lennon

HIP (Help Increase the Peace program) teaches skills useful in workplaces, schools, families, and the community. By addressing the root causes of violence such as racism, homophobia, gender bias and class bias, participants have the opportunity to view their community through a multicultural lens. HIP also trains participants in communication, conflict resolution and de-escalation skills, and serves as a springboard for creating young adult leaders for social change.

An Interactive, Non-Violence, Conflict Resolution, Leadership Skills Workshop

"HIP gives you the tools to learn and grow from the difference of beliefs and of opinions. Conflict and misunderstanding are everywhere. HIP builds community first and through communication, resolutions can be reached. It is a tool and program as universal and diverse as the WCU community itself."

Words of a former participant

Cost: \$10 (including Saturday's lunch) Where: Main Hall 413
